Spine Team Texas Congratulates their Top Doctor 2015

Dr. Eric Coligado among elite group

Southlake, Texas—April 10, 2015 | Spine Team Texas, a comprehensive spine center specializing in the treatment of back and neck pain, is proud to announce one of their physicians has been named a Top Doctor by *Fort Worth, Texas* magazine. Dr. Eric Coligado, a physical medicine and rehabilitation specialist, was designated by his peers to this select group of leading medical professionals.

“This is an especially notable designation as Dr. Coligado is not only a valued member of Spine Team Texas, but his work and devotion to the field of spine care has been recognized by those outside our office,” said Mark Hood, CEO of Spine Team Texas.

Fort Worth, Texas magazine sent more than 4,500 local physicians a survey, asking them to voluntarily rate their peers and name the best doctors in Tarrant County. Medical professionals willing to participate went online to cast their votes. While *Fort Worth, Texas* magazine provided the fields of specialty, the physicians identified the professionals they regard as being leaders in those fields. The final results were submitted to a select panel of physicians for review.

Sample ballot notifying the medical community of the voting process and the ballot website address were mailed to the members of the Tarrant County Medical Society and the Texas Osteopathic Medical Association. Voting took place online. Those voting had to supply credential numbers in order to be able to participate.

Eric J. Coligado, M.D.

Physical Medicine and Rehabilitation, specializing in acute musculoskeletal spine pain management & diagnostic studies

Dr. Eric Coligado provides comprehensive evaluations and nonsurgical spine care for Spine Team Texas patients. He provides a wealth of experience in the area of worker’s compensation and is certified to provide improvement impairment ratings, IMEs, and EMG/nerve conduction studies. His expertise provides the full spectrum of non-surgical spine pain management; including trigger point injections, acupuncture, and acute spine pain oral medication management. Dr. Coligado sees patients at the satellite clinic in the HEB/Mid-cities area, allowing patients in that community convenient access to world-class spine care.

About Spine Team Texas

Spine Team Texas is a comprehensive spine center specializing in the treatment of neck and back pain, ranging from simple back or neck strains to the most complex spine surgeries. Through in-depth knowledge and a team approach to care, Spine Team Texas physicians and medical staff are dedicated to treating patients conservatively through education, spine-focused physical therapy, non-surgical treatments, and minimally-invasive spine surgery as a last resort or when medically necessary.

The comprehensive team includes physiatrists, specialized in acute spine pain management; neurosurgeons and an orthopedic surgeon, specializing in minimally-invasive spine surgery techniques; spine-focused physical therapists; anesthesiologists, fellowship-trained in chronic spine pain management; and on-site registered nurses who help patients return to everyday activities. Established in December 2004, Spine Team Texas is headquartered in Southlake, Texas. The practice opened a full-service, sister-facility in March 2009 in Rockwall, Texas, one in Fort Worth, Texas (Alliance) in 2013, and a fourth location in Bedford, Texas, in August 2014. Their fifth facility opened February 2015 in North Dallas (Richardson) at President George Bush Turnpike and E. Renner Road.
